

Dear Romanian colleagues!

I am a representative of the [Ukrainian Cultural Foundation](#) (UCF) - state Ukrainian institution that supports Ukrainian artists and projects aimed at the development and promotion of Ukrainian culture through a competitive selection. [More details about our work and history here.](#) Over the 5 years of our work we supported over 2000 projects from scholarships to big festivals and movie productions. [Here](#) you can find every project we supported since 2018. According to the Resolution of the Cabinet of Ministers of Ukraine, funds in the amount of UAH 637 million (approx. EUR 20 million) provided for operational activities and implementation of cultural projects in 2022, were transferred to the Ukrainian Army to counter aggression of the Russian Federation. As a result, the grant season in 2022 was suspended. But we still try to find money to finance Ukrainian culture.

We would like to thank you for supporting Ukraine! Thank you for publishing info about Ukraine and opportunities for Ukrainian culture and creatives!

During the war, cultural sector is often overlooked in terms of immediate support. To support the Ukrainian cultural sector, artists, creatives, cultural managers, administrators and many more, we launched a fundraising campaign! We call on the cultural and creative institutions and organizations and the whole world to join us in supporting those who fight for democratic values.

**The aim of our fundraising campaign is:**

- to support artists, creatives and cultural workers who have remained in Ukraine and are in need of means to live and continue their work;
- to support artists, creatives and cultural workers who had to temporarily flee war to other countries and are in need of resources to continue their work abroad;
- to support cultural and artistic projects aimed at promoting Ukrainian culture abroad;
- to support Ukrainian media and media projects;
- to support the activities and projects of the UCF.

[Details here!](#)
